

Our journey through Autumn Term looks very exciting in Year 6!

September
2020

Literacy

During Literacy the children will focus on two main texts across the term. These will be Goodnight Mr Tom and Journey to the River Sea. Children will complete a range of text types, both fiction and non-fiction, as well as focusing on a range of grammar and punctuation outcomes.

Numeracy

In Numeracy pupils will cover a range of mathematical topics, with the aim of consolidating their understanding of place value and the written methods, before moving onto fractions, decimals and percentages. Pupils will have the chance to solve multi-step problems whilst also aiming to reason and explain their findings.

Science

During Science this term we will learn about animal and plant classification, where children will have the opportunity to study a key individual—Carl Linnaeus. Pupils will then move onto studying the human body and healthy lifestyles. They will be given the opportunity to complete scientific enquiries throughout the term.

R.E

In the Autumn Term the pupils will be researching and discussing the meaning of different symbols within Christianity. They will move onto looking at the diversity of religion within our local community and the impact that this has on community relations.

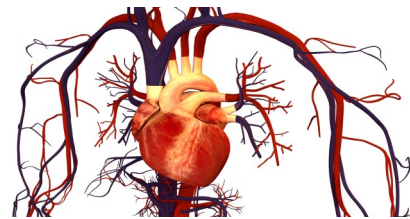

Well-Being

In Well-Being this term the children will be identifying their goals for the year and understanding how to express their fears and worries.

Art & D.T

In the Autumn Term we will be focusing on drawing. This will include revising and progressing with our drawing skills and completing a short study on the artist, LS Lowry.

The outcomes will include: looking at different pencils, how perspective is created, experimenting with a range of media and completing a self portrait.

Computing

This term the children will complete a module of work around spreadsheets, inputting and using data in context. They will then move on to producing their own short film encompassing everything that they have learnt to present to the rest of the school.

History

During our World War II topic the pupils will have the opportunity to learn about the impact of the war, particularly the experiences of people on the home front. They will have practical opportunities, providing a context to their learning. These opportunities will include purchasing items using a rationing book, experiencing life as a child during the war and understanding how VE Day was celebrated.
