

Autumn 2023

Autumn is looking exciting in Year 4!

Remember to practise your reading, handwriting and times tables.

History

In History, children will be learning about the Ancient Greeks. We will be looking at this ancient civilisation with a particular focus on the Ancient Greek lifestyle and how some of their discoveries and their way of life still influence us today.

Geography

Within Geography, we will be learning about Rivers. Children will have the opportunity to learn the features and journey of a river. We will be locating major rivers in the United Kingdom and in different continents.

Literacy

In Literacy, Year 4 will be starting this term with Ironman by Ted Hughes. We will also be exploring The Wreck of the Zanzibar and non-fiction writing. In Autumn 2, we will be reading Greek Myths and Matilda! We will be writing for a range of different purposes.

Science

In our Science topic, Year 4 will be studying States of Matter. We will be investigating solids, liquids and gases. Children will be learning how they can change the state of water and the water cycle.

In addition to this, Living things, including humans, will be covered. Areas such as the human digestive system, food chains and types of teeth will be explored in detail.

Numeracy

In Numeracy will be working on all aspects of mathematics, including number, addition and subtraction, multiplication and division and fractions. It is important that your child continues to practise recalling multiplication facts as they must know these by the end of this year.

Art & D.T

In Art, we will be focusing on an artist called William Morris. We will be exploring his artwork and using his work to inspire us to create our own in his style.

In DT our topic is moving vehicles. This will enable us to study how vehicles are constructed and design and make our own vehicle, thinking about how our designs can make the vehicle travel further.

Notices

P.E is on Tuesday and Thursday afternoons. Children will need to arrive at school in their P.E kits and will remain in their kit for the whole day. Please remember joggers/tracksuit for colder times of the year.

Please ensure children have a water bottle in school daily.

Remember to check

Marvellous Me for regular updates.

R.E

In Religious Education, we will be looking at the significant leaders in Sikhism and Hinduism and how they are inspiring. In the run up to Christmas children will explore the Holy Trinity in order to understand the significance of the Father, the Sun and the Holy Spirit.

Reading

All children are provided with a school reading book and reading record. We expect both of these to be in school every day. This is so we can hear the children read both individually and through guided reading sessions. Children are encouraged to read as much as possible and we would ask that they are heard at home so they develop a love of reading.

Computing

In Computing we will be focusing on E-Safety and coding. We will be learning how to use a search engine, how to create a safe online account and how to be a responsible digital citizen. During coding children will learn how to make their own game.

Year 3 and 4 Statutory Spellings
