

Our journey through the Summer Term looks exciting in Year 6!

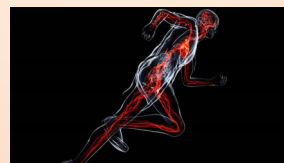

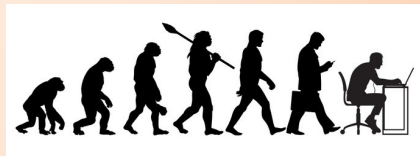

Summer
2025

Science

During Science this term we will focus on 'Evolution'. The children will be exploring naturalist Charles Darwin and his fundamental understandings of evolution. Pupils will investigate how and why living things vary and survive whilst using evidence to support their findings in how living things have evolved over time.

We will also study 'The Science of Sport', where we will complete a range of investigations using all of our science knowledge and skills.

Geography & History

Geography

This term, we will be focusing on extreme weather and natural disasters. Children will explore what natural disasters are and where they happen. They will also explore what can cause natural disasters and extreme weather, looking at relevant case studies.

History

In History, we will be studying Slavery and will explore the Triangular Atlantic slave trade. We will look at slavery from a slave's perspective by using historical sources. Children will be able to discuss the different experiences slaves endured and the struggle they had to become free. This topic allows us to learn about different influential characters such as Harriet Tubman and the abolition of slave trade and slavery in Britain.

Literacy

Throughout the summer term, the children in Year 6 will continue to recap and consolidate their understanding of grammatical features and apply these to several writing pieces. This will include developing their narrative skills through texts and visual stimuli including 'Titanium' and 'Alma' and they will be writing information texts based on their Amazon projects.

In Reading, children will continue to consolidate their skills of retrieval, inference, vocabulary and more through weekly comprehension sessions. We will continue to ensure that children are fluent readers with deep understanding of what they have read.

R.E

In the Summer term, pupils will explore the Christian themes of the Gospel. They will also build on their prior knowledge of the Islamic faith, exploring methods of prayer.

Wellbeing

Wellbeing this term has a focus on our relationships. We will also look at how we can stay healthy, which will link to our Sports Week. In the second half-term, we will look at our economic well-being and how we can ensure we stay economically healthy. We will also focus on our transition to Secondary School.

Computing

This term, pupils will look at Quizzing and Networks. They will explore how networks work and how they are created. We will also look at how to create a quiz to help us with our SAT's revision.

Numeracy

In Numeracy, children will continue to develop the range of skills that we have covered throughout the year including the four operations, fractions, decimals, percentages, statistics and time. Pupils will look at how they can apply these skills to a range of problems, helping to prepare for the transition into secondary school.

Art and D&T

Art

Year 6 will be having an art week, where we will be looking at the artist 'David

Hockney'. We will explore photography, portraits and landscape paintings.

D&T

Linked to our healthy me topic in well-being, we will focus on food; looking at balanced diets and we will design a meal based around seasonal cooking.

PE

Swimming has now finished for Year 6, so children will need to attend school in their uniform on a Wednesday.

We will now have PE on a Thursday and on a Friday when children are expected to wear appropriate PE kit.

Some useful websites to use for independent learning include:

- Education City
- TT Rockstars
- BBC Bitesize
- Spelling Frame
- Active learn
- Bug Club

Homework

Homework

Homework will be given out on a Friday and should be returned to school by Tuesday. Some weeks, this may be online through EducationCity or Google Classroom. We will let the children know when this is the case.

Please try and read as much as possible! Whether it be your school reading book or one of your favourite books from home. We have plenty of book reviews for you to fill out in school so that you can share your favourite books with your peers!

Please keep an eye out for messages or emails from your child's secondary school for dates and information in regards to transition.

The Summer Term is always especially busy for Year 6 pupils, so remember to keep a look out for letters and communication on Marvellous.Me!

DATES FOR THE DIARY:

Week beginning 12th May- SAT's Week

Sunday 22nd June to Wednesday 25th June- Condoover Hall Residential

Thursday 10th July- Leavers Disco (Prom)

Tuesday 15th July- Year 6 Leavers Service

July- Leavers Visit- IBC
